Applicants may not run at any time during the events, because there is usually no running at a fire scene unless there are extreme circumstances (We define running as both feet off the ground at the same time). If an applicant runs, they will receive one warning. The next time the applicant runs, they will be disqualified.

Event 1: Aerial Ladder Climb

The purpose of this event is to test the applicant's ability to safely ascend and descend the Aerial device to perform work from an elevated position. (Untimed Event)

- Applicant will climb the ladder using a "truck" belt and safety line
- Applicant must use a continuous motion, and must touch every rung while ascending and descending the aerial ladder device.
- Each applicant will be instructed to grasp the top rung on the ladder with both hands and remain holding the top climbing rung of the aerial for 15-seconds prior to descent.
- A voice command will signify the completion of the 15-seconds. After the command is given the applicant must then start descending the aerial ladder.
- Applicant must ascend and descend the ladder at a safe pace, but not stop for an extended period of time on the way up or on the way down. Applicant is not allowed to rest at any time. If applicant stops once to rest, they will be given a warning. If applicant stops twice, they will be disqualified.
- Applicants will not have a time limit when conducting the aerial climb exercise; however, they must not pause for more than 10 seconds during the event.
- Applicant's ladder belt will be removed by FD personnel after dismounting the aerial apparatus onto the ground.
- After the applicant's ladder belt is removed by FD personnel the next event, Event 2: Fireground Evolution, will start in 00:30:00 seconds.
- Failure point:
 - Skipping rungs
 - Stopping for more than 10-seconds
 - Stopping more than twice not including the mandatory stoppage at the top rung
- Applicant must wait the full 30 seconds prior to starting Event 2: Fireground Evolution.

- Warning point:
 - Improper aiming of the nozzle
- Failure point:

E) Ladder Carry

- A 14-foot Roof Ladder will be used for this stage.
- Applicant shall remove a 14-foot roof ladder from the hooks on the wall, then carry the ladder around a cone located 25-feet from the wall; then return the ladder to its original position on the wall for a total of 50-feet.

- Failure point:
 - Exceed total time given for entire event
 - Allowing the ladder to touch the ground

F) Body Carry/Drag

- A manikin weighing approximately 185 pounds wearing: bunker pants, bunker coat, and bunker boots will be used for this stage.
- Applicant will carry/drag the manikin 25-feet and return the manikin to the starting point, for a total of 50-feet.

- The entire manikin must pass the 25-foot line, and the finish line. Both points will be clearly marked by a line on the ground.
- Manikin may be carried or dragged in any fashion as long as the head does not strike the ground.

POSTING OF EXAMINATION RESULTS

- 9.16 Within 24 hours after a promotional examination is held, the Commission shall post the individual raw scores on the bulletin board located in the main lobby of City Hall.

REVIEW AND APPEAL OF PROMOTIONAL EXAMINATION

- 9.17 Each eligible candidate shall have the opportunity to examine the source materials, his/her examination, and his/her answers thereto together with the grading thereof. If an eligible promotional candidate requests, the eligible promotional candidate is entitled to see his/her promotional examination, answers, and source materials, but may not remove the examination, copy of answer sheet, or copy a question used in the examination.

- 9.18 An employee may request the Commission to reconsider the employee's promotional examination and answers, the examination grading and the source material for the examination by filing a written request with the Director within five (5) business days after the date the examination scores are posted. Saturdays, Sundays, and legal holidays are excluded in determining the five (5) day period. A business day is defined as Monday through Friday, excluding holidays.
- 9.19 All appeals must be in writing and specify the challenged question number(s) only. The candidates may not copy the question(s) but must list the question number(s), the answer(s), the reason for the appeal, and the reference material(s) upon which the appeal is based.
- a. If any candidate appeals a question(s) on a promotional examination under this rule, the Director shall prepare a written notice of the hearing and notify all parties concerned as to the time, date, and place of the hearing. The Director shall prepare a package of information for the Commission for each test question being appealed, to include:
1. Question number;
 2. Question and answers from test;
 3. Correct answer on scoring key;
 4. Copy of source material, if applicable;
 5. Appellant(s) name(s);
 6. Appellant(s) written reason for appeal; and
 7. Director's statement, if any.
- b. This information will be delivered to each Commissioner before the hearing for review. A copy of the pertinent information will also be sent to each appellant and the department head (only information pertaining to the question being appealed by an appellant will be sent to that appellant).
- c. The following factors will not support an appeal, including, but not limited to:
1. Evidence that other reference materials or sources support an answer which is different than the approved answer;
 2. Evidence that there exists another answer which is accurate in certain limited circumstances, but which is not accurate generally; or
 3. Evidence that the reference page number is incorrectly stated. (A page number is given only to assist in locating the basis for the approved answer.)
- d. During the appeal hearing, the following rules will apply:
1. Appealed questions will be considered in numerical order. Each appealed question will be considered one at a time. The Director may enter supporting documents to the record.

2. Each appellant will be given an opportunity to present reasons for his/her appeal. The appellant may designate someone else to present comments.
3. The Chairman will first ask each appellant if he/she still wishes to appeal. The appellant may request to enter supporting documents to the record. The appellant will then be allowed to make a brief presentation. The Chairman will limit the time for each appellant to speak on each question (normally four minutes).
4. After each appellant has spoken on the question, the Commission may ask questions of the appellant, Director, and any other necessary parties. The Chairman will then allow others an opportunity to speak on the question offering differing opinions, if they so desire. The Commission may make a decision on each question(s) appealed once the appellant has spoken and the Commission has deliberated on the information or they may wait until all appealed questions have been discussed.
5. After discussing each question, the Commission will, in open session, vote on each question. The Commission will decide on one of the following alternatives for each appealed question:
 - a. keep the same answer as on the original key;
 - b. change the correct answer;
 - c. allow more than one correct answer; or
 - d. delete the question.
6. The Commission will indicate its decision for each question by making a motion and then voting on it.
7. After the Commission votes on each question, the Director will re-score all answer sheets, if necessary. The Commission will then certify the eligibility list, if necessary. If the eligibility list is amended, it will have the same effective date as the original list. If a question is deleted, the total number of test questions will be reduced and the new eligibility list will be based on the remaining number of questions. For example, if two questions are deleted, this reduces the total number of questions on the test to 98. If questions are deleted, the value of remaining questions will be changed to equal a total of 100 points. All answer sheets will be re-graded to show the total number of correct answers out of 98. Seniority points will then be added, and a new eligibility list will be typed and posted.

PROMOTIONAL ELIGIBILITY LISTS

9.20 The promotional eligibility list shall consist of a listing of the last four digits of the

social security numbers of those persons who took and passed the examination with their corresponding total final scores, beginning with the highest total final score descending in order to the lowest total final score. A Police Department's employee's "total final score" shall be computed by adding the applicant's points for seniority, passing written examination score, certification points and assessment center score as discussed in Section 10.08 of the City of Watauga Firefighters' and Police Officers' Civil Service Rules and Regulations. A Fire Department's employee's "total final score" shall be computed by adding the applicant's points for seniority, passing written examination score and promotional panel score as discussed in Section 10.07 of the City of Watauga Firefighters' and Police Officers' Civil Service Rules and Regulations. All police officer applicants who receive a grade on the written exam of at least 70 points shall be determined to have passed the written examination, and all firefighter applicants who receive a grade on the written examination of at least 70 points shall be determined to have passed the examination.

CERTIFICATION OF PROMOTIONAL ELIGIBILITY LIST

- 9.21 The Commission shall certify all promotional eligibility lists.
- 9.22 Each promotional eligibility list shall remain in existence for one year after the date on which the written examination is given, unless exhausted. At the expiration of the one-year period, or after the current list is exhausted, a new promotional examination may be held, or the Commission may wait to conduct a promotional examination until a vacancy occurs.
- 9.23 The certified eligibility list will be posted in the Director's office and the Police Department and the Fire Department, after the Commission certifies the list.

TIE-BREAKING PROCEDURE

- 9.24 In the event that two or more persons make identical total final scores, the following procedures will be used to break the tie and to determine placement on the final eligibility list for promotion:
- a. Highest Written Test Score: If two or more persons tie on total final scores, then the Commission shall certify the list for those persons in the order according to which person had the highest examination raw score prior to the addition of seniority points, certification points and/or assessment center score.
 - b. Seniority in Rank: If there are still ties, the Commission shall certify the list of those persons with tied scores in the order of each person's seniority in the position immediately below the position for which the examination was given.

PROMOTIONAL STATUS

- 9.25 Occupying the top position on a promotional eligibility list does not create an absolute right to be promoted. Among other things, all promotions are subject to:

 - b. a City ordinance which deletes or expresses the intent to delete the particular position upon the occurrence of a vacancy; and

The Department Head shall also file the reason, in writing, with the Commission and shall provide the person a copy of the written notice. On application of the bypassed person, the reason the Department Head did not appoint that person is subject to review by the Commission.
- 9.27 If an employee is passed over for a promotion, the employee may request a review by the Commission of the reason the department head did not appoint them pursuant to Chapter 143 and these Rules or, on the written request of the person being bypassed, a review by an independent third-party examiner.
- 9.28 Pursuant to Section 143.036 (g), if a person is bypassed, the person's name is returned to its place on the eligibility list and shall be resubmitted to the department head if a vacancy occurs. - 10.01 Except as provided by Chapter 143 of the Local Government Code Sections 143.013 and 143.102, a firefighter is not eligible for promotion unless the person has served in the Fire Department in the next lower position or other positions specified by the Commission for at least two (2) years at any time before the date the promotional examination is held. A firefighter is not eligible for promotion to the rank of Battalion Chief or its equivalent unless the person has at least four (4) years actual service in the Fire Department.
- 10.02 Each promotional examination is open to each firefighter who at any time has continuously held for at least two (2) years a position in the classification that is immediately below, in salary, the classification for which the examination is to be held.
- 10.03 If the Fire Department has adopted a classification plan that classifies positions on the basis of similarity in duties and responsibilities, each promotional examination is open to each firefighter who has continuously held for at least two (2) years a position at the next lower pay grade, if it exists, in the classification for which the examination is to be held.
- 10.04 If there are not enough firefighters in the next lower position with two (2) years of

service in that position to provide an adequate number of persons to take the examination, the Commission may open the examination to persons in that position with less than two (2) years of service. If there is still an insufficient number, the Commission may open the examination to persons with at least two (2) years or experience in the second lower position, in salary, to the position for which the examination is to be held.

10.05 This section does not prohibit lateral crossover between classes.

10.06 Application to Personnel on Active Military Duty

Only the written examination may be appealed as defined in Section 143.034 of the Local Government Code.

b. Promotional Panel

There shall be an established Promotional Panel to conduct an Assessment Center. Each member of the Panel will certify by a written, sworn, and notarized affidavit that he or she has not and will not talk to or correspond with ANY PERSON about any candidate's abilities, personality, or qualifications for promotion, prior to and during participation in the assessment center process. The member must further stipulate that he or she has no direct relationship with

any candidate, other than professional, that would interfere with the assessor's objectivity in providing a fair, balanced, and impartial evaluation of the candidate. Each candidate will certify by a written, sworn, and notarized affidavit that he or she has not and will not talk to or correspond with ANY PERSON about any candidate's abilities, personality, or qualifications for promotion, prior to and during participation in the assessment center process. - 11.06 A department head may proceed with appropriate disciplinary action arising from any particular factual event(s) and/or misconduct under Sections 11.03 or 11.04 which would constitute "cause", only when the employee misconduct is related to those matters set forth in Section 143.051 of Chapter 143, or violation of these Rules, or the City of Watauga Personnel, Administration and Financial Policies and Procedures Manual, or the Departmental Rules and Regulations.
- 11.07 If the Commission determines that cause does exist for a requested demotion and as provided the employee with written notice as per Section 143.054, thereafter the action for appeal of the demotion may be conducted according to the same hearing procedures as set forth herein for all other disciplinary actions or as expressly provided otherwise in Chapter 143.

11.11 Disciplinary Suspensions

- a. The head of the Fire or Police Department may suspend a firefighter or police officer under the department head's supervision or jurisdiction for the violation of a civil service rule or a Fire or Police Department Rule or Special Order. The suspension may be for a reasonable period not to exceed fifteen (15) calendar days or for an indefinite period. An indefinite suspension is equivalent to dismissal from the department.
- b. If the Department Head suspends a firefighter or police officer, the Department Head shall, within 120 hours after the hour of suspension, file a written statement giving the reasons for the suspension with the Director who is authorized by the Commission to accept services of such statement. The department head shall immediately deliver a copy of the statement in person to the suspended firefighter or police officer.
- c. The copy of the written statement must inform the suspended firefighter or police officer that if the person wants to appeal to the Commission, the person must file a written appeal with the Commission within ten (10) days after the date the person receives the copy of the statement.
- d. The written statement filed by the department head with the Commission must point out each civil service rule alleged to have been violated by the suspended firefighter or police officer and must describe the alleged acts of the person that the department head contends are in violation of the civil service rules. It is not sufficient for the department head merely to refer to the provisions of the rules alleged to have been violated.
- e. If the department head does not specifically point out in the written statement the act or acts of the firefighter or police officer that allegedly violated the civil service rules, the Commission shall promptly reinstate the person.
- f. If offered by the department head, the firefighter or police officer may agree in writing to voluntarily accept, with no right of appeal, a suspension of not less than 16 or more than 90 calendar days for the violation of a civil service rule. The firefighter or police officer must accept the offer within five working days after the date the offer is made. If the person refuses the offer and

wants to appeal to the Commission, the person must file a written appeal with the Commission within 15 days after the date the person receives the copy of the written statement of suspension.

- g. In the original written statement and charges and in any hearing conducted under this chapter, the department head may not complain of an act that occurred earlier than the 180th day preceding the date the department head suspends the firefighter or police officer. If the act is allegedly related to criminal activity including the violation of a Federal, State, or local law for which the firefighter or police officer is subject to a criminal penalty, the department head may not complain of an act that is discovered earlier than the 180th day preceding the date the department head suspends the firefighter or police officer. The department head must allege that the act complained of is related to criminal activity.

11.12 Demotions

- a. If the Department Head of the Fire or Police Department wants a firefighter, or police officer under his supervision or jurisdiction to be involuntarily demoted, the Department Head shall recommend in writing to the Commission that the Commission demote the firefighter or police officer.
- b. The department head must include in the recommendation for demotion the reasons the department head recommends the demotion and a request that the Commission order the demotion. The department head must immediately furnish a copy of the recommendation in person to the affected firefighter or police officer.
- c. The Commission may deny or grant the request for demotion. If the Commission believes that probable cause exists for ordering the demotion, the Commission shall give the firefighter or police officer written notice to appear before the Commission for a public hearing at a time and place specified in the notice. The Commission shall give the notice before the 10th day before the date the hearing will be held.
- d. The firefighter or police officer is entitled to a full and complete public hearing, and the Commission may not demote a firefighter or police officer without conducting the requisite public hearing.
- e. A voluntary demotion in which the firefighter or police officer has accepted the terms of the demotion in writing is not subject to this section.

SCOPE OF MATTERS SUBJECT TO APPEAL

11.13 It shall be the duty of the civil service departments and of all employees to use every effort to resolve conflict within the department concerned and to minimize resorting to the appeal process. No matter what the conflict, management and the employee(s) concerned shall make good faith attempts to peacefully resolve the conflict prior to beginning each subsequent step of the appeal process.

11.14 The following matters are appealable under Chapter 143, Local Government Code:

- a. Test Appeals
- b. Promotional Passover Appeals
- c. Disciplinary Appeals

- 11.15 If an employee is in doubt as to whether or not a situation or issue is appealable, the employee is encouraged to timely file their request for appeal or hearing so as not to inadvertently waive the issue or the filing deadline. The request will then be considered by the Director who will respond by informing the employee whether or not the situation or issue is appropriate for consideration by the Commission. The Director will forward a copy of all correspondence and responses to the Commission.
- 11.16 An employee has no right of appeal for transfer, assignment, or reassignment of duties.
- 11.17 An employee has no right of appeal resulting from a discretionary policy decision as to policy matters.
- 11.18 An employee who has voluntarily resigned or retired from the Fire or Police Department forfeits all rights to the disciplinary appeal process, unless the appeal or request for hearing was timely filed prior to retirement or resignation.
- 11.19 An employee who has voluntarily accepted an agreement in writing which is intended to resolve the issue of any form of disciplinary action imposed by the department head thereby forfeits all rights to further proceedings in the disciplinary appeal process for such specific disciplinary action.

ORIGINAL NOTICE OF APPEAL

- 11.20 The employee's notice of appeal and request for hearing shall set forth the employee's basis for appeal in strict compliance with Section 143.010.
- 11.21 The employee's notice of appeal must be filed in writing in the Director's office within ten (10) calendar days after receiving the disciplinary action of the department head. An employee may also withdraw his/her request for an appeal at any time thereafter, which shall terminate the appeal.
- 11.22 The notice of appeal and request for hearing:
- a. shall contain the name of the employee appealing;
 - b. shall contain the employee's signature in ink;
 - c. should contain the signature of the authorized representative, if known;
 - d. should contain the phone number and address of the employee and his authorized representative, if any; and
 - e. should clearly state any violations, infractions, wrongdoing, or unjust actions by the employer that the employee wishes to appeal. Any grounds for appeal not stated in the appeal notice shall be waived by the appealing employee at any hearing on the matter.

11.23 All pleadings and briefs shall be written in a clear and legible form and shall be delivered to the Director.

FAILURE TO TIMELY FILE AN APPEAL

11.24 Failure on the part of an employee to file an appeal of a disciplinary action with the office of the Director within ten (10) calendar days shall result in no appeal of the matter being considered.

OPTIONS FOR DISCIPLINARY HEARINGS

11.25 Commission Hearing

If an employee appeals a disciplinary action to the Commission, the Commission shall hold a hearing and render a decision in writing within thirty (30) days after the date it receives notice of appeal. The employee and the Commission may agree to extend the thirty (30) day period and postpone the hearing or the deadline for the final ruling to a specified date and time.

11.26 Hearing Examiners

- a. The letter of disciplinary action issued to a firefighter or police officer must state that in an appeal of an indefinite suspension, a suspension, a promotional pass-over, or a recommended demotion, the appealing firefighter or police officer may elect to appeal to an independent third party hearing examiner instead of to the Commission. The letter must also state that if the firefighter or police officer elects to appeal to a hearing examiner, the person waives all rights of appeal to a district court except as provided in the statute.
- b. To exercise the choice of appealing to a hearing examiner, the appealing firefighter or police officer must submit to the Director a written request as part of the original notice of appeal required under this chapter stating the person's decision to appeal to an independent third party hearing examiner.
- c. If the appealing firefighter or police officer chooses to appeal to a hearing examiner, the firefighter or police officer and the department head, or their designees, shall first attempt to agree on the selection of an impartial hearing examiner. If the parties do not agree on the selection of a hearing examiner on or within ten (10) days after the date the appeal is filed, the Director shall immediately request a list of seven qualified neutral arbitrators from the American Arbitration Association or the Federal Mediation and Conciliation Service, or their successors in function. The firefighter or police officer and the department head, or their designees, may agree on one of the seven neutral arbitrators on the list. If they do not agree within five working days after the date they received the list, each party or the party's designee shall alternate striking a name from the list and the name

remaining is the hearing examiner. The firefighter or police officer, or their designee, shall make the first strike of a name from the list of seven arbitrators. The parties or their designees shall agree on a date for the hearing.

- d. The Director shall thereafter coordinate with the agency sponsoring the hearing examiner as to all matters regarding scheduling, place of hearing, accommodations, etc. If a hearing examiner has been initially selected but thereafter objected to or asked to be recused by a party, both parties may only upon mutual agreement excuse the hearing examiner and thereafter request a new list of qualified and neutral hearing examiners and start the selection process over again.
- e. The appeal hearing shall begin as soon as the hearing examiner can be scheduled. If the hearing examiner cannot begin the hearing within 45 calendar days after the date of selection, the firefighter or police officer may, within two days after learning of that fact, call for the selection of a new hearing examiner using the procedure prescribed in subsection "c" above.
- f. In each hearing conducted under this section, the hearing examiner has the same duties and powers as the Commission, including the right to issue subpoenas.

In a hearing conducted under this section, the parties may agree to an expedited hearing procedure. Unless otherwise agreed by the parties, in an expedited procedure the hearing examiner shall render a decision on the appeal within ten (10) days after the date the hearing ended.
- g. In an appeal that does not involve an expedited hearing procedure, the hearing examiner shall make a reasonable effort to render a decision on the appeal within thirty (30) days after the date the hearing ends or the briefs are filed. The hearing examiner's inability to meet the time requirements imposed by this section does not affect the hearing examiner's jurisdiction, the validity of the disciplinary action, or the hearing examiner's final decision.
- h. The hearing examiner's fees and expenses are shared equally by the appealing firefighter or police officer and by the department. The party who calls the witness pays the costs of a witness.
- i. The hearing examiner's decision is final and binding on all parties. If the firefighter or police officer decides to appeal to an independent third party hearing examiner, the person automatically waives all rights to appeal to a district court, except as provided in the statute.
- j. A district court may hear an appeal of a hearing examiner's award only on the grounds that the hearing examiner was without jurisdiction or exceeded its jurisdiction or that the order was procured by fraud, collusion, or other

unlawful means. An appeal must be brought in the district court having jurisdiction in the municipality in which the Fire or Police Department is located.

11.27 Within five (5) days after filing the notice of appeal and before either party has incurred third party hearing examiner expenses and before a hearing is begun, an employee may withdraw his/her request for the independent third party hearing examiner and submit the appeal to a hearing before the Commission. The election to have the hearing before the Commission must be made in writing and filed with the Director's office. However, this election may not be used to manipulate the thirty (30) day hearing deadline imposed on Commission decisions by Chapter 143, and the 30 days begins to run on the day after the Director receives the election to hold the hearing before the Commission.

EXPENSE AND COSTS

11.28 The payment of all costs and expenses shall be collected by the Director, or his designee, within thirty (30) days after the conclusion of the hearing.

11.29 State law governing the doctrine of "mitigation of damages" shall be applicable in computing any reimbursements or set off for an award of back pay to be made to an employee as a result of a disciplinary action being modified or reduced.

DIRECTOR TO COORDINATE ALL MATTERS

11.30 The location and accommodations for all hearings and appeals shall be arranged by the Director.

11.31 All subsequent matters raised by either party regarding attendance, scheduling, requests for subpoenas, request for continuances, etc., shall be coordinated through the Director. All such information shall be provided to the Director who shall then provide copies of same to the opposing party or representative and also coordinate the appropriate response or action to be taken.

FAILURE TO ATTEND SCHEDULED HEARING

11.32 The failure of an appellant to attend a scheduled appeal hearing, or to timely file a request for a continuation of the hearing to a later date, shall not in itself prevent the hearing from proceeding as scheduled nor prevent the Commission or hearing examiner from proceeding to take such action as may be appropriate.

EMPLOYEE AND DEPARTMENT REPRESENTATIVES

11.33 The hearing process shall recognize the right of employees as well as the department to be represented by one or more persons throughout the process of a disciplinary appeal. However, only one representative shall be allowed to speak

or otherwise present evidence on behalf of either party during the questioning of a particular witness.

- 11.34 Employee and department representatives shall use their best efforts to help resolve all proceedings expeditiously and fairly to all concerned.
- 11.35 The function of the representative shall be to articulate the best interests of the employee or the department represented.
- 11.36 All representatives or employees who represent themselves shall become familiar with and follow these Rules and Regulations at all times during the disciplinary appeal process.
- 11.37 Any problems or concerns regarding the manner in which the opposing party or his or her representative is handling a particular disciplinary appeal should be brought to the attention of the Director. The issue will be expeditiously addressed.

EXCHANGE OF DOCUMENTATION AND IDENTITY OF WITNESSES

- 11.38 The Texas Rules of Civil Procedure, the Texas Rules of Criminal Procedure, and all other rules of court regarding what is commonly known as "discovery" shall not apply to any civil service proceedings. Mediation and arbitration rules and processes do not apply to any civil service hearings.
- 11.39 Parties who request photocopies of documents from the opposing party should be accommodated if such requests are reasonable. Items from departmental policies, rules and regulations manuals may be photocopied. Items such as Accident Review Board recommendations, time and attendance records, duty status forms and other such documents may also be provided so long as they are relevant to the employee and the disciplinary action under appeal.
- 11.40 Employees and their representatives may obtain copies of documentation contained in the employee's own personnel and departmental files after the employee has provided a written, signed request.
- 11.41 Before requesting a subpoena *duces tecum* for the production of documentary material, a party shall first make a request for the materials directly to the other party and provide a reasonable time for a response. If the request is refused or otherwise not produced, then a request may be made to the Commission or hearing examiner to issue the subpoena *duces tecum*. Requests to the Commission or to a hearing examiner for subpoenas shall be completed at least ten (10) days prior to the scheduled hearing date in order to be processed in time.
- 11.42 All requests for subpoenas to compel the attendance of a witness shall be coordinated through the Director's office or the organization supplying the hearing examiner with copies of same being provided to the opposing party. Each party is responsible for serving his/her own subpoenas.

11.43 The Commission may subpoena or depose witnesses in accordance with Section 143.009.

11.44 The parties are encouraged to complete the exchange of exhibits and the identity of all potential witnesses to the other party prior to the beginning of the scheduled hearing so as to avoid the necessity of use of subpoenas.

HEARING PROCEDURES Conducted by the Commission or by a Hearing Examiner

11.45 At the scheduled time and place, the hearing shall be called to order.

11.46 All parties shall come to the hearing prepared and ready to proceed so as to minimize any disruption of the hearing process. All parties shall bring at least six (6) copies of all documents or exhibits to be considered by the Commission at the hearing.

11.47 All disciplinary appeal proceedings shall be public hearings save and except the deliberations of the Commission, which may be conducted in executive session.

11.48 A record of the proceedings, capable of clear and accurate reproduction or transcription, shall be made and maintained by the Director.

11.49 After being called to order but prior to the beginning of testimony or evidence, consideration shall be made as to any pre-hearing motions, requests or jurisdictional matters as submitted by either party. The participants shall also seek to obtain as many stipulations as possible as to non-contested or non-material matters. The Commission may postpone his/her decision as to any pre-hearing motions until the hearing is completed and all factual evidence has been presented.

Both parties may be allowed to make brief opening statements.

11.51 The hearing shall proceed with the introduction of the statement of charges of a joint exhibit in the record.

11.52 The Commission or hearing examiner shall then proceed to develop the evidence and testimony as to those contested matters.

11.53 The party with the burden of proof shall go first in the presentation of evidence and testimony. Thereafter, the responding party shall have the opportunity to respond with its own evidence, witnesses or testimony. Thereafter, the party with the burden of proof may come forward with rebuttal evidence or testimony as may be necessary. Presentations by both parties shall be as brief and closely related to the issue(s) as is possible. Throughout the proceedings, Commission members or the hearing examiner may also ask questions as needed in order to aid their consideration of the testimony or evidence. In disciplinary appeals, the department shall have the burden of proof.

11.54 Witness testimony shall be taken under oath or affirmation. Witness(es) are subject to reasonable and relevant cross-examination by the opposing party.

11.55 Upon request by either party, the hearing process may utilize what is commonly known as "The Rule" concerning oral testimony, meaning that all persons who shall be expected to testify at the hearing, other than the parties and their representatives, shall not be allowed to observe or listen to any of the proceedings except when they are actually testifying as a witness. "The Rule" may be used to ensure one witness' testimony is not influenced by another's testimony. While under "The Rule", potential witnesses shall not discuss any aspect of the appeal or hearing except with the attorneys or the representative involved. Invoking "The Rule" is not mandatory and may be waived in whole or in part by agreement. The City and the employee may designate a witness as an advisory witness who shall then be exempt from "The Rule". The head of the employee's department shall also be exempted from "The Rule".

11.56 The Commission or hearing examiner shall exercise reasonable control over the questioning of witnesses and the presentation of evidence so as to:

- make an effective ascertainment of the truth;
- keep such presentations relevant to the issues to be determined;
- avoid the needless consumption of time and expense; and
- protect the witnesses and employees from harassment or undue embarrassment.

11.57 The parties and their respective representatives shall cooperate in keeping all presentations focused on the relevant issues before the Commission. Long drawn-out sessions shall be discouraged.

11.58 All hearings must remain business-like and focus upon resolution of factual matters. Hearings shall not include accusations, threats, speeches or arguments. The Commission shall have the discretion to adjourn any meeting which becomes disruptive or where meaningful or productive dialogue ceases.

11.59 The Commission shall have the discretion to control the length of time of any particular session as well as the amount of time provided for recesses, breaks, lunch hours, and other procedural matters.

11.60 After the close of the presentation of evidence and testimony, both parties shall be given an opportunity to make closing summations.

11.61 Thereafter, the Commission may adjourn to executive session for deliberation and determination of the issues. Thereafter, the Commission shall reconvene in open session and shall make and announce its findings and rulings. Thereafter, a written order containing same shall be prepared and signed by the Commission.

HEARING PROCEDURES - Rules of Evidence

11.62 Technical rules of evidence shall not apply nor control the conduct of any civil service hearing. The Texas Rules of Court and the Texas Rules of Evidence shall not apply nor govern any aspect of any civil service proceeding.

11.63 The scope of evidence considered at a disciplinary hearing shall be generally limited to matters relevant to the statement of charges as set forth in the department's written statement, the employee's notice of appeal as well as the employee's previous employment record with the department.

11.64 Either party may offer such relevant evidence as he/she may desire to aid in the determination of material disputed issues.

It shall be the province of the Commission to ultimately determine:

the admissibility and/or consideration of any particular evidence or testimony;
the relevance of any particular evidence or testimony;
the credibility of any particular evidence or testimony; and
the materiality or "weight" to be given to any particular evidence or testimony.

11.66 Subject to limited exceptions for compelling reasons shown by a party, the Commission may refuse to hear or consider any testimony or item of evidence if a party has deliberately withheld previously-known and duly requested evidence from the other party until the hearing, and the said evidence should have been previously produced pursuant to these Rules.

11.67 The Commission may receive and consider the evidence of witnesses by affidavit and assign such weight as it deems proper after consideration of objections, if any, made to its admission.

11.68 On-site inspections shall be discouraged and may be conducted only if the evidence to be considered cannot be otherwise presented via stipulations, photographs, videotapes, maps, diagrams, and other demonstrative evidence.

11.69 All evidence and testimony shall be presented and received into the record while in open session.

HEARING PROCEDURES - Issues To Be Determined In Disciplinary Appeals

11.70 Generally, the determinative issues to be considered by the disciplinary action appeal process shall be:

Did "cause" exist to support the imposing of some form of disciplinary action as to the employee?;

Was the degree of disciplinary action imposed by the department "reasonable" under the circumstances?;

Has the hearing process developed evidence which justify or compel modification of the department head's disciplinary action?; and

Compensation to the employee, if any.

11.71 A party is only required to establish its factual assertions by a "preponderance of the evidence." A "preponderance of the evidence" means the greater weight and degree (51% or more) of credible testimony or evidence admitted into the record.

11.72 It shall be recognized that prior to imposing any form of discipline, the department head may use lesser forms of disciplinary or corrective action. However, the failure to utilize "progressive discipline" shall not in itself be grounds to overturn or otherwise modify a department head's decision to proceed directly to the appropriate level of discipline if the employee's misconduct warrants such disciplinary action or termination. Progressive discipline need not always apply and the seriousness of a single offense may negate a previously unblemished record.

The employee shall have the right to present evidence and/or testimony supporting:

that the employee did not commit the misconduct as alleged; or

that even if the employee committed the acts as alleged, that such activity does not constitute actionable misconduct; or

that even if the employee committed actionable misconduct, that the degree of discipline imposed is too harsh or severe, i.e., the disciplinary action imposed was "unreasonable, arbitrary or capricious"; or

a combination of any of these matters which would justify or compel modification of the department head's action.

11.74 An employee's mere disagreement or difference in opinion in regard to the department actions or reasoning therefore, without more, shall not constitute grounds to overturn or modify the disciplinary action.

11.75 If the hearing establishes one valid charge of misconduct supported by evidence sufficient to establish its truth, that charge shall be sustained, even if the evidence at the hearing does not support other charges in the letter of disciplinary action.

HEARING PROCEDURES - Findings And Orders Of The Commission

11.76 Upon conclusion of the hearing, the Commission shall make a just and fair resolution of the matter in a written statement sustaining the truth of the specific charge(s) against the employee, or a written statement finding that the specific charge(s) against the employee are not true. This issue shall be addressed in all final orders, regardless of other issues addressed in the same final order.

11.77 In the event that the specific charge(s) of misconduct against the employee are all found to be "not true", then the final order and ruling shall promptly restore the employee to the employee's proper position or status without penalty.

11.78 In the event that any of the specific charges of misconduct against the employee are found to be "true", then the final order and ruling shall clearly state whether the

employee is:

Temporarily suspended from the department, and shall then set forth the time period and conditions of suspension which shall be imposed; or

Indefinitely suspended from the Fire or Police Department

11.79 The final written ruling on all disciplinary appeals shall also include such other matters so as to finally and clearly resolve the issues under consideration, particularly to resolve questions concerning:

the employee's resulting employment status;

back pay and other employment benefits; and

whether the documents relating to the disciplinary action should be modified or removed from the employee's personnel file per Section 143.089(c).

11.80 If the Commission or hearing examiner modifies the disciplinary action of the department head, the final order shall clearly state in writing the factors and reasons for doing so. If affirming the disciplinary action of the department head, it shall be presumed it was for the same reasons and facts as presented by the department head unless otherwise indicated.

11.81 The final ruling and order of the Commission may be made by the majority vote of the Commissioners. If only two Commissioners are present, then the employee may request a continuance beyond the 30 days from the appeal until such time as all three (3) Commissioners may be present. However, in the case of a suspension, the Commission shall hold a hearing and render a decision within 30 days after the date it receives notice of the appeal unless all parties otherwise agree.

11.82 A copy of the Department's disciplinary action, a copy of the employee's request for appeal, the record of the proceedings, a copy of the exhibits submitted together with a copy of the final decision shall be filed in the Commission record. These records may be cited as reference material in subsequent determinations by the Commission.

HEARING PROCEDURES - Findings And Orders Of The Hearing Examiner

11.83 An employee's right to appeal to an independent third party hearing examiner in lieu of the Commission is set forth in Section 143.057. However, regardless of the forum used, the rules and criteria for the resolution of disciplinary actions should remain the same. All hearing examiners must become familiar with and must follow these Rules.

11.84 Only disciplinary actions concerning an indefinite suspension, a suspension, a promotional pass-over or a recommended demotion are appealable to hearing examiners.

11.85 The rule-making power and authority of the Commission is in no way conferred

upon and/or delegated to any hearing examiner.

11.86 In every disciplinary appeal conducted under Section 143.057, the hearing examiner shall have the "same duties and powers" as would the Commission, including the right to issue subpoenas to compel the attendance of witnesses.

11.87 A hearing examiner's authority and jurisdiction shall be the "same" as the Commission's meaning no more, no less and no different from that which is applicable to the Commission pursuant to Chapter 143 and Chapter Twelve of these Rules.

A disciplinary proceeding conducted by a hearing examiner instead of the Commission shall not be conducted or resolved via arbitration nor arbitration processes. An employee's election of appeal to a hearing examiner shall not constitute a right or an agreement to submit the appeal to arbitration nor shall it constitute a waiver of the application of these Rules.

11.89 All hearing examiners shall also make and maintain a record of the hearing which is capable of clear and accurate reproduction or transcription. The Director may coordinate with the hearing examiner for possible use of City facilities for this purpose.

11.90 After the close of evidence and testimony, a hearing examiner may deliberate and thereafter enter the ruling either in the same manner as the Commission or as per Section 143.057(g) and (h).

11.91 If the hearing examiner fails to act in accordance with these Rules, any decision by the hearing examiner shall have no effect or authority, and by failing to follow these Rules, the hearing examiner shall be deemed to have exceeded his/her authority.

11.92 LAST CHANCE AGREEMENT (FIREFIGHTERS) (Amended through Meet and Confer negotiations, March 23, 2015 and April 23, 2018)

In the event a firefighter commits a serious violation of a policy, rule or statute, the use of a last chance agreement provides the Department Head with an alternate to indefinite suspension. The use of the last chance agreement will be at the Department Head's discretion.

In considering appropriate disciplinary action, the Department Head may require that a firefighter be evaluated by a qualified professional designated by the Department Head. The designated qualified professional must be an in-network provider under the City's current health plan. If that professional recommends a program of counseling and/or rehabilitation for the firefighter, the Department Head may offer the firefighter, as an alternative to indefinite suspension, the opportunity to enter into a last chance agreement. The agreement may include the following provisions in addition to any other provisions agreed upon by the firefighter and the Department Head.

The firefighter shall successfully complete the program of counseling and/or rehabilitation recommended by the qualified professional designated by the Department Head.

The program of counseling and/or rehabilitation will be completed on the firefighter's off duty time, unless the Department Head approves the use of accrued vacation leave or sick leave. The firefighter shall be responsible for paying all costs of the program of counseling and/or rehabilitation, which are not covered by the firefighter's health insurance plan.

The firefighter shall agree to a probationary period not to exceed one (1) year, with the additional requirement that if, during the probationary period, the firefighter commits the same or a similar act of misconduct, the firefighter will be indefinitely suspended without right of appeal.

If the firefighter's misconduct involves alcohol or substance abuse related behavior, the Department Head may require that the firefighter submit to mandatory alcohol or drug testing, upon order by the Department Head, during the probationary period.

If the firefighter accepts the opportunity for a last chance agreement, the firefighter may not appeal any terms of the agreement. Successful completion of a counseling and/or rehabilitation program will be specifically defined in the agreed alternative discipline document. If the firefighter fails to successfully complete the agreed upon program, the firefighter may be indefinitely suspended without right of appeal, nor right to bring any contract dispute regarding the suspension, before any administrative or judicial body.

The Use of a last Chance Agreement does not prohibit the Department Head from imposing discipline for violation(s) of other unrelated infractions as described in Section 143.051.

CHAPTER TWELVE

ADMINISTRATIVE ACTIONS

ADMINISTRATIVE INTERPRETATIONS AND APPLICATIONS OF CHAPTER 143

12.01 Whenever an employee or department head is in doubt as to whether a situation or issue is subject to determination by the Commission, the person is encouraged to promptly file his/her written request with the Director. The Director will review the matter for jurisdictional purposes. If the Commission has no jurisdiction over the matter the Director will inform the party. If the request is appropriate for the Commission to consider the Director will arrange to have the matter placed on the Commission's agenda.

12.02 A scheduled meeting may be canceled and rescheduled for good cause or by mutual agreement. A timely request for rescheduling shall be coordinated by the Director.

12.03 A scheduled meeting shall be canceled and rescheduled whenever circumstances arise whereby Commission members are unable to convene a quorum at the originally scheduled time.

CHAPTER THIRTEEN

OTHER APPLICABLE RULES AND REGULATIONS

- 13.01 All other Personnel Rules and Regulations, including operational manuals, Rules and Regulations and orders adopted by the City of Watauga, and which are not in conflict with Chapter 143 or these Rules shall also be applicable to civil service employees. Additionally, the Administrative Rules pursuant to the City of Watauga Personnel, Administration and Financial Policies and Procedures Manual and Department Rules and Regulations and Operating Manual (to include department orders, procedures, operating guidelines, etc.), also apply if not in conflict.

CHAPTER FOURTEEN

SAVINGS CLAUSE

- 14.01 The provisions of these Rules are declared to be severable. If any rule, section, sentence, clause, phrase or word of these Rules shall for any reason be held to be invalid or unconstitutional by a Court of proper jurisdiction, such decision shall not affect the validity of the remaining rules, sections, sentences, clauses, phrases and words, but they shall remain in effect, it being the Commission's intent that these Rules shall stand notwithstanding the invalidity of any subpart.

END OF CIVIL SERVICE RULES AND REGULATIONS
